

Provider Fast Facts

May 2017

Effective July 2012, the methodology for counting providers has changed to count provider network. Previous counts include group practice and its members; the current count will include members only. **Provider Network** is providers who are contracted to provide health care services by locations, programs, types, and specialties. Providers are being counted multiple times if they have multiple locations, programs, types, and/or specialties. The term “contracted” is defined as a provider that was enrolled with Oklahoma SoonerCare within the reporting period, it does not necessarily indicate participation.

OHCA is currently in a provider contract renewal period. Some of the totals below may indicate a decrease in the provider counts due to this process. This occurrence is typical during all renewal periods.

* The data is based on the new provider IDs added to the system during the reporting month. The effective date of the contract may or may not be in that month.

Primary Care Provider (PCP) Capacities

SoonerCare Program	Total Capacity	% of Capacity Used
SoonerCare Choice	1,190,463	42.17%
SoonerCare Choice I/T/U	100,899	17.90%
Insure Oklahoma IP	441,167	1.14%

Total Capacity represents the maximum number of members that PCPs request to have assigned within OHCA's limit. Panels on hold status are excluded from the capacity calculation. The facility's panels such as group practice, FQHC (Federally Qualified Health Clinic), RHC (Rural Health Clinic), and other clinics are included.

Patient-Centered Medical Home (PCMH) Enrollment by Tier

Payment Tier Code	Count
Tier 1	462
Tier 2	222
Tier 3	189

These counts were computed using a different method than indicated elsewhere on the report and are not comparable to any other figures. Non-participating PCMH are excluded.
