Public comment period open on changes to work requirements for SoonerCare members

OKLAHOMA CITY – The Oklahoma Health Care Authority (OHCA) welcomes comments and input from the public through Sept. 3, regarding changes to the SoonerCare Choice and Insure Oklahoma 1115(a) Demonstration Waiver programs’ work and community engagement requirements.

Potential community partners and entities that can offer engagement and training opportunities as part of the proposed new SoonerCare eligibility requirements are particularly encouraged to participate in the public comment period. The public can also submit comments online [here](#) at the OHCA Policy Change Blog or [here](#) on the Native American Consultation Page.

A series of public community meetings has been scheduled across the state to provide opportunity for anyone who would like to offer comment or suggestions on the proposal.

After Gov. Mary Fallin signed an executive order in March 2018 and the legislature passed HB 2932, the OHCA was directed to pursue modifications to Medicaid eligibility criteria so that SoonerCare (Oklahoma Medicaid) coverage for certain Medicaid populations is conditional upon documentation of certain education, skills training, work, or job activities. The OHCA will have to apply for a waiver amendment from the Centers for Medicare & Medicaid Services and receive approval in order to implement the work/community engagement requirements.
