Service Location

Service Location

- OHCA contracts are site specific.
 - Service location address must match at least one address listed under payment and tax reporting.
 - Attach individual providers to the correct group location so the service location address matches.
 - Service location cannot be a P.O. Box.
 - A new contract is required for additional group service locations because they are site specific.
 - Individuals with multiple service locations reporting to FEIN/SSN also require a contract for each new location.

Disclosure of Ownership

Disclosure of Ownership

- Corporations must disclose individual or corporate owners in the enrollment application.
 - When you select “yes” for ownership on the enrollment application, the enrollment application automatically populates space for you to input ownership with a selection to add additional owners.
 - Any individual or corporate owner, with 5% or more interest, must be disclosed on enrollment application.
- If enrolled with Medicare, the disclosure of ownership must match exactly what is reported to Medicare.
 - If you are not sure what you have reported to Medicare, log into the CMS portal to verify.
 - If the CMS portal has not been updated, provider enrollment will accept a printout showing where you have submitted changes in the CMS portal.

Identifying your Contract Type

Identifying Your Contract Type

- Identify type of contract:
 - Facility/group.
 - Corporations organized such as: INC, PLLC, LLC, partnership, etc.
 - Individual.
 - Sole proprietors will report to your personal FEIN or SSN.
 - Individual contracts can be attached to a group.
- Group contracts should be created prior to individual contracts.
